DETAILED ACTION

Response to Amendment

This Office action is in response to Applicant's communication filed August 2, 2006 in response to the Office action dated May 2, 2006. Claims 12, 14, and 15 have been amended. Claims 1-11, 16, and 18 have been cancelled. Claims 12-15 and 17 are pending in this application.

Allowable Subject Matter

Claims 12-15 and 17 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose the combination including the limitations of:

(Claim 12) "...a computer-readable medium including computer-readable error handling code configured to write entries relating to detected memory errors into the non-volatile fault storage unit and to read said entries from the non-volatile fault storage unit, wherein each said entry comprises a memory unit identifier, a start bit of a memory error, an end bit of the memory error, and tag bits indicating time of last failure and number of occurrences of failure."

As dependent **claims 13-15 and 17** depend from an allowable base claim, they are at least allowable for the same reasons as noted above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
